Introduction

Heinemann was founded in 1890 as William Heinemann Ltd. On Heinemann's death in 1920, one half of the company was purchased by the U.S. publisher, Doubleday. Doubleday's interest was then sold back to the British directors of Heinemann during the Wall Street crash in 1929. Windmill Press, Kingswood, Surrey was the headquarters of distribution, accounting and promotion activities of the Heinemann Group of Companies. Heinemann was purchased by the Octopus Publishing Group in 1985. Octopus was purchased by Reed International (now Reed Elsevier) in 1987. Random House bought Heinemann's trade publishing (now named William Heinemann) in 1997.

Heinemann's educational unit grew into an independent company in 1961. It became part of Harcourt Education when Reed Elsevier purchased the company in 2001. Pearson purchased the UK, South African, Australian and New Zealand arms of Harcourt Education in May 2007. The American operations were purchased by Houghton Mifflin.
